Saltside, Gothenburg

- Engineering Manager   Apr 2014 – Sep 2015
  - Manager of a mobile development team of Android and iOS developers in 2014 (of which
    many I recruited) and for a larger cross-functional development team in 2015. At Saltside I
    also developed the working process largely based on knowledge sharing and team autonomy.

Duego, Gothenburg

- Lead Mobile Developer   Jul 2012 – Mar 2014
  - Responsible for the technical implementation of the company mobile application.

Knowit, Gothenburg

- Systems development consultant   Oct 2010 – Jun 2012
  - IT-consultant working on site at customers such as Stendahls, AstraZeneca, Göteborgs stad,
    and Cryptzone. Working as a consultant gave me skills to communicate with a large set of
    stakeholders with various skills. As a employee I often carried out hiring interviews.

Telia company

- Solution architect, Gothenburg   Mar 2006 – Oct 2010
  - Worked on lots of projects within TeliaSonera such as the introduction of the iPhone,
    collaboration with Spotify, Mina Sidor, Digital TV on Telia.se, Surfport, and Halebop.
    As technically responsible for a team of developers I learned how to coach other
    developers to work towards shared goals.
- Servicedesk technician, Mariestad   Dec 2000 – Mar 2006
  - Provided software and hardware support on fixed and mobile clients for companies
    such as Telia, Länsförsäkringar, SJ and others. Learned a lot on how to communicate
    and best help people with different prerequisites in a variety of different situations.

CERTIFICATIONS

- Certified ScrumMaster
  ScrumAlliance   Apr 2011

LANGUAGES

- Swedish: Native language.
- English: Fluent (speaking, reading, writing).

SKILLS

I am *well* versed in a number of programming languages (e.g. kotlin/java, typescript/javascript, swift/objective-c, and some basic c/c++/golang, python, and c#) as well as a number of programs (e.g. bash/zsh, git, visual studio/code, intellij, android studio and xcode). I am also comfortable doing public speaking, reasonably skilled in doing interviews and good at coordinating activities, projects and employees.

INTERESTS

Traveling, sports, entrepreneurship, education, product development
